

	QUALITY POLICY	Document Number: ATC-POL-QMS
		Date: 01-06-2025
		Revision: 0

ACCURATE TEST OIL & GAS FIELD INSPECTIONS (ATC) provides specialized services to the oil and gas industry, including **Lifting Inspection**, **NDT Services**, **Rope Access**, and **Equipment Rental**. We are committed to protecting the health and safety of our personnel, safeguarding the environment, and delivering our services with integrity and responsibility.

We aim to ensure customer satisfaction by consistently complying with requirements and continually improving our Quality Management System (QMS) in accordance with **ISO 9001:2015**.

Our team is committed to delivering services with integrity, professionalism, and technical competence. We promote a culture where quality is the responsibility of every employee, supported by clear communication, accountability, and active management involvement.

ATC ensures:

- Customer needs are understood, met, and monitored for satisfaction.
- Services conform to international standards, regulatory requirements, and contractual obligations.
- All employees are trained and competent in their roles.
- Risks and opportunities affecting service quality are identified and addressed.
- Resources are made available to maintain and improve the QMS.
- Quality objectives are established, tracked, and reviewed periodically.
- Performance is evaluated using audits, reviews, and feedback mechanisms.
- Continuous improvement is driven by leadership commitment and employee involvement.

This policy is communicated throughout the organization, and regularly reviewed to ensure it remains relevant and effective.

Mr. Mohamed Faruq
General Manager
